

- Michael Ross = moved to Arrowda 4 years ago. Good downtown. Contemporary design, consistent w/ neighborhood. Don't miss out on this project, millennial sandwich.
- Bruce = Old engineer. Think about what's good for the city. Blocks the view. Scolded by attorney. Affordable housing.
- David Kries = (younger generations) don't have cars. Need more choices.
- Joyce = Parking - will have to have cars, giant building.
- Steve Urban = Love Arrowda. File the plan + the articulation. Member of Council, steering committee + AURCA. Hope to come to fruition.
- Edtown = View from Grandview. Design criteria - 3 story. Fire? Wash? Water?
- Mindy (someone speaking for) = affordable = shut down
- Renee Ferguson Nelson = incompatible - setback, citizen activist. 11/3/13 = Public Meeting. No more than 3-4 stories. Historical Society not consulted. Parking issue. Hub - issue, special events.
- Michelle = Single family homes - infrastructure costs to serve single family homes. MF needed. Holy hell to cities.
- Tony = AURCA = sword under many councils. Comments from the audience - forward thinking.
- Asenzo = Need better negotiating skills - daycare affordable, more interesting design, increased sidewalk on both. Get something from developer.
- Ren = Office assessment - AURCA - TIF must work.
